School District : York Region District School Board

What We Did

We bought culturally responsive resources and reviewed the ones that we could use. We discussed how and where to use them in our different grade levels, to build consistency in how our program is delivered. We also looked at a variety of DELF resources to advance our professional learning.

What We Learned

We have a better understanding of what resources we have each been using, and we found some new resources to better align with the DELF with a culturally responsive and relevant lens. We have a platform to connect with colleagues, engage in interactive professional learning opportunities, and share best practices.

How We Shared Our Learning With Others

When we could, we shared our learning in-person however, when we could not, we would share virtually.

Any Next Steps We Have To Continue Our Learning

The learning never ends! We will continue to share and discuss with each other throughout next year. We are also thinking of sharing our learning with teachers in other schools. We thank the OTF and Ici on parle français team for giving us this opportunity to further our learning/teaching.
