

## Ici on parle français – PD grants for FSL teachers

### Improving Core Education Using DELF

#### Team Members:

Rheal Pelland, Julia Vandervlist

School District : Grand Erie DSB

### What We Did

We as a group decided that we wanted to access some professional learning resources online and in person. We shared our own resources and discovered where we were lacking to help students succeed in grade 9-12 Core French. One of us attended OMTLA where she got free resources for us to try out and from there, we have decided to purchase some copies to use in our classes.

### What We Learned

We learned how to build our lessons on the format of the DELF and also use task-based language teaching to build our instruction.

## How We Shared Our Learning With Others

We shared our difficulties and our work with each other and presented our ideas to our principal and FSL consultant.

## Links to Our Work

## Any Next Steps We Have To Continue Our Learning

We are finding that with the addition of the requirement of taking a mandatory tech course in grade 9/10 that we are losing kids to different areas. At the end of grade 9/10 we are going to put out a survey to our students to see if they are taking French next year and get ideas why they are not.
