

# Ici on parle français – PD grants for FSL teachers

## OTF Collaborative Project

### Team Members:

Owen McGuire and Shelley Crowson

School District : Algonquin and Lakeshore CDSB

## What We Did

Using our NLA (Neurolinguistic Approach) training to language learning, my colleague and I used our release time develop resources that were applicable to our units under study for our junior-intermediate Core French classes.

## What We Learned

We learned more effective and engaging ways to utilize our training to create engaging resources (questions, games, Prof du Jour question wheels) to boost the oral fluency of our students.

## How We Shared Our Learning With Others

We shared our learning with other FSL colleagues that we took the NLA training with at the Board office last year.

## Any Next Steps We Have To Continue Our Learning

Keep collaborating with other FSL educators to swap resources and build units collaboratively.
