

Ici on parle français – PD grants for FSL teachers

Collaborative Learning Community

Team Members:

Katherine Batte, Matthew Bauman, Mike Gagnon and Rachel Dodman

School District : Waterloo Region DSB

What We Did

As a team, we created a year-long range of plans for grades 2-6 FI that would help guide us in our instruction. We would be using the new Science of Reading resources to plan grade level expectations for FSL. We planned and created exemplars. We created our own reading assessments. We used the DELF to plan and create resources.

What We Learned

We learned what other colleagues are doing and how we can support the students at our school. We learned how we could use the French UFLI to inform our instruction and assessment. We used the grade 1 and 2 Core French documents from our board to start to plan and for grade 2-6 FI. We learned how hard it is to find resources and plan for a board that has grade 2 entry to FI and only 58% of the day is in French.

How We Shared Our Learning With Others

We used Google Docs and have shared it with some other colleagues.

Any Next Steps We Have To Continue Our Learning

Finding more books to support our student's reading.

Continuing to create assessment materials.

Continuing to find resources for FI students in the new 58%, grade 2 entry.
