What We Did

We brought teaching resources to improve our planning and programming and discussed how to best use them to improve student proficiency in French.

What We Learned

There are a lot of wonderful resources out there to support FSL instruction. It's nice to connect with other core French teachers in the Board.

Any Next Steps We Have To Continue Our Learning

We will continue to use the large visuals and teacher toolkits as well as the video resources to improve our lesson planning and instruction. Thank you!
